rom Pecos News. Eday ring off! You have bean a good town and have done the biggest amount of advertising for the valley. But you are dead now. Peace to your

memory, Carlsbad, ring on! You have just been born but you are a live young-'nt most grown already. You have an mustrious ancestor. May you never fall a whit behind and may your waters prove to be for the healing of the nation. Peace be unto thee.

Friends Took Care of Them. Sheriff Higgins and his deputy, Will Rainbolt, returned Tuesday night from their trip up the Pecos river in search of the horse thieves who crossed the L F D and - V ranges about ten days ago and stole several anin-als. They trailed them to a point about 15 miles above Fort Sumner, where the trail disappeared and could not be picked up again. They went on to the Canadian river at a point above the Bell ranch and went down the river for some distance below the ranch, without hearing anything of them. There were two of the thieves and they were seen by several parties. They rode into the Peces river at one point and then went right up the river in the water about two miles before coming out and after that crossing the river repeatedly, endeavoring to throw anyone who might follow them off the trail. Sheriff Higgins feels certain that they were sided by friends to ciude pursuit.-Roswell Register.

Carisbad real estate men announce that after August 1 the price of all residence lots will be advanced from 50 to 100 per cent. In only a growing town would such nerve be found. Carlabad is all right. It has suddenly found itself to be a great cattle shipping point for the Texas plainsmen, who ship over the new line from Rosowell loading at Carlesbad instead of at a northern station, as was expected. Four hundred car loads of cattle leave the stock pens this week. A Carisbad dealer has just for warded 156,000 pounds of wool. Several business buildings are under construction .-New Mexican.
